Killarney Motor Racing Circuit, Potsdam Road (opposite Killarney Gardens)

A. KTC ADVANCED DRIVING COURSES Fees Total (incl. Vat)

<u>Course 1:</u>	One-Day Advanced Driving Course (Modules Ia & Ib)	- R 1 495,00 pp
<u>Course 2:</u>	Defensive Driving Course (Modules I & II)	- R 2 095,00 pp
<u>Course 3:</u>	Full Advanced Driving Course (Modules I, II & III) NB: Please enquire about Module III availability.	- R 3 590,00 pp
<u>Course 4:</u>	Specialised (Course 3 augmented by Module IV)	- P.O.A.
<u>Vehicle Control Skills:</u>	Course 1 and Circuit (Modules I and III)	- R 2 990,00 pp

OTHER OPTIONS

<u>Module Ia:</u>	Accident Prevention, Skid Control and Collision Avoidance, Defensive Driving Theory	- R 741,00 pp
<u>Module Ib:</u>	Skid-pan Practical, Vehicle Control, Collision Avoidance	- R 855,00 pp
<u>Module IIa:</u>	Defensive Driving Practical (Minimum requirement Course 1)	- R 399,00 pp
<u>Module IIb:</u>	Final Test (Minimum requirement Module IIa)	- R 399,00 pp
<u>Module III:</u>	Circuit Session (Minimum requirement Course 1)	- R 1 495,00 pp
<u>Hijack Orientation</u>	Groups Only	- R 6 669,00

B. MODULES

- Module I: One-Day Course** (own vehicle)
a) Accident Prevention, Motor Law, Defensive Driving Theory
b) Skid-pan practical, Vehicle Control, Collision Avoidance
Certificate of Attendance
- Module II: Defensive Driving Practical** (own vehicle)
a) On-Road Tuition & Evaluation Report (within 5 days following Module I)
b) On-Road Final Test (4-6 weeks following attendance of Module II, a)
Certificate of Proficiency on successful completion
- Module III: Vehicle Control** (own vehicle)
Advanced Vehicle Handling & Control – Theory and practical conducted on the Killarney Racing Circuit, under varying- and simulated driving conditions, at normal speed.
Certificate of Attendance
NB: Please enquire about Module III availability.

Module IV: Specialised

In augmentation of Course 1 – 3 above, any one or more of the following:

- 1) **Tactical-/Emergency-/Response-/Progressive Driving**
- 2) **Motorcycling**
- 3) **Hijack Orientation**
- 4) **4x4 – Off Road**
- 5) **Accident Investigation**
- 6) **Accident Reconstruction**

Certificate of Attendance

Description of Training Modules**MODULE I**

- a) **Accident Prevention:** The Think and Do of driving; The SIPDE Process: Dynamic skills required to deal with road hazards.

Motor Law: What constitutes negligent driving; Causation; Factors Contributing to the occurrence of Motor Vehicle Accidents.

Defensive Driving Theory: Defensive Driving is a tried and tested method specifically designed to prevent road accidents and collisions. It ensures that nothing is left to chance and nothing is overlooked, and the training is focussed on developing the driver's strategy in recognising-, dealing with- and re-acting to road hazards and the mistakes of other road users. Trainees are taught how to minimise their own mistakes, and how to create a "safety cushion" around their vehicles when driving in traffic, i.e. to have enough time and space to think and react correctly to hazards which may pose a threat to their safety.

- b) **Skid-pan Practical, Vehicle Control, Collision Avoidance:** Few drivers have the opportunity to learn how to apply the techniques of accident prevention, collision avoidance, as well as loss of control prevention, under controlled conditions. The only way to achieve this is through a Skid-pan training session, where trainees can acquire essential practical driving skills and are taught how to deal with emergency situations, how to remain in control of their vehicles at all times, especially when driving on wet roads, and how to prevent and avoid a collision.

Delegates are issued with a Certificate of Attendance.

Duration: Full Day (07:45 – 16:00)

MODULE II

- a) **Defensive Driving Practical**

Road-Craft deals with the practical application of the rules and techniques of Defensive Driving. Trainees receive individual instruction, on the public road, and are provided with a detailed analysis of their current level of proficiency. This will assist the trainee in preparing for the Final Test, which is attended \pm 4 weeks after completion of this module.

Duration: 1 Hour pre-arranged practical training session within 5 days following attendance of Module I

- b) **Final Test**

During the Final Test, the candidate's performance is evaluated and measured against the Killarney Advanced Driving course standard. If successful, a Killarney Certificate of Proficiency will be issued, which will be valid for two years. This will mean that a two yearly test will then be required to renew the Certificate of Proficiency, once it has expired.

Delegates are issued with a Certificate of Proficiency.

Duration: 1 Hour pre-arranged practical test session, 4-6 weeks following attendance of Module II a.

MODULE III

A hands-on training module, which is aimed at developing the driver's ability to apply advanced techniques in dealing with varying (wet/dry) road conditions, at normal speed.

The focus is on improving the driver's knowledge and understanding of his vehicle's abilities and limitations; how to manage time and distance; the control of weight transfer whilst braking/steering/accelerating; disciplines of cornering and smooth operation of the controls. Emphasis is placed on developing the driver's ability to strategise and to re-act correctly in every circumstance.

Delegates are issued with a Certificate of Attendance.

*Duration: 3 ½ hours (NB: **Please enquire about Module III availability.**)*

C. ATTENDANCE

Courses are attended at the Killarney Training Centre, Killarney Motor Racing Circuit, Potsdam Road, opposite Killarney Gardens, in your own vehicle.

Module I: **Full Day (07:45 – 16:00)**

- Module II:**
- a) **Defensive Driving Practical**
1 Hour pre-arranged practical training session within 5 days following attendance of Module I.
 - b) **Defensive Driving Road Test**
1 Hour pre-arranged practical test session, 4 – 6 weeks following attendance of Module II, a.

Module III: **3 ½ Hours, pre-arranged** (start times vary)

Module IV: **½ Day, pre-arranged starting:**
08:00 – 13:00 or 11:00 – 15:00 or 14:00 – 18:00
(Times may vary according to season and course content)

D. BOOKINGS

TEL: 0860 111 800 or 021-557 1800 e-mail: info@ktcentre.co.za

PLEASE NOTE THE FOLLOWING:

- Course Gift vouchers are available on request.
- Full Course Fees are payable on receipt of invoice (credit card, electronic transfer, cash, or cheque), in order to secure the booking.
- Fees quoted are current and may become subject to change (valid for 30 days).
- Prior registration- and remittance of fees will be required.

- Courses are attended at the Killarney Training Centre with each delegate driving his or her own vehicle (not shared), i.e. training vehicles are not supplied. All training exercises are supervised and conducted in a controlled and safe environment, and neither the driver nor his/her vehicle will be exposed to undue risk, whilst under training.
- Course dates and times are allocated and reserved on request in the name of the delegate / company and may not be cancelled on short notice, Module's I & III & IV: less than 7 working notice - a 100% re-booking fee applies. Module II, 1 hour practical sessions, or Driver Evaluations: less than 3 working days notice a 50% re-scheduling fee is applicable. A substitute delegate may be nominated.
- Delegates will be required to complete all relevant Course Modules (inclusive of the final test) within 90 days as from date of "Day 1" attendance. Should the delegate fail to complete the course within 90 days, a re-booking fee will be made applicable in respect of the outstanding training modules. Re-test bookings (due to unsuccessful completion) will be subject to a booking fee as quoted.

E. The Killarney Training Centre Advanced Driving Course is an outcomes based Skills training programme, which is presented in Short Course format, in relation to:

Unit Standard: 377201

Title: *Apply Advanced Driving Skills: Defensive Driving.*

Purpose of Unit Standard (Summarised):

- Reduce Driving Risk
- Improve Driving Skill and Road Safety
- Apply Techniques to prevent accidents
- Apply Defensive Driving Techniques and Skills
